Statement by Lora Pellegrini, President and CEO of the Massachusetts Association of Health Plans, on the passing of Rob Restuccia

On behalf of the MAHP Board of Directors, our thoughts and prayers go out to Rob Restuccia's family and colleagues during this sad time. Rob has been a friend and colleague for more than 20 years. Rob's leadership, passion, and commitment to expanding health care access was unmatched. He was a tireless advocate who emphasized collaboration and consensus among health care stakeholders in order to achieve our shared goal of universal coverage. The kindness and respect that he always showed others is reflected in how much he accomplished, not only in Massachusetts, but nationwide. He will truly be missed.
