**Statement by Lora Pellegrini, President and CEO of the Massachusetts Association of Health Plans, on Preserving ACA Preventive Services Without Cost Sharing**  
*March 30, 2023*

“MAHP member plans strongly support coverage of preventive services that were implemented as part of the Affordable Care Act. In light of today’s decision from the US District Court in the Northern District of Texas, we support codifying the impacted ACA preventive services without cost sharing, including those evidence-based items or services that have a rating of A or B in the recommendations of the United States Preventive Services Task Force, such as screenings for breast, cervical and colon cancers, as well as anxiety screenings for children and adolescents.”
