**Statement by Lora Pellegrini, President and CEO of the Massachusetts Association
of Health Plans, on Reproductive Health Care**

April 7, 2023

“MAHP and our member plans believe that reproductive health care is a vital component of overall health. MAHP member plans will continue to provide coverage for medication abortion without cost-sharing in accordance with the requirements established under Chapter 127 of the Acts of 2022 and regulatory guidance issued by the Division of Insurance. We are proud to offer coverage and care in Massachusetts, where reproductive care is treated as essential health care.

MAHP would like to thank Governor Healey and Lieutenant Governor Driscoll for their leadership on this important issue.”
